

Breaking Free Part I - Awareness of Evil

Many authors have written about our proclivity to submit, to give up, and even to embrace our own slavery. Several have postulated that our apathy and submission have actually been scripted from birth.

Fear, secrecy, coverup and greed — censorship, suppression and oppression, are hidden behind walls of secrecy while leagues of journalists and editors write, film and propagandize the truth all on purpose. These people are part of an elite group of blood-soaked psychopaths determined to keep the public dumbed-down and apathetic.

It seems that most of us are now owned and controlled by evil forces. It is the ultimate Star Wars battle for your genetic code, your soul and the consciousness of Mother Earth. This is not about making America great again as prescribed by our reality TV President, this is fascism.

Initially I had hope for Trump: he questioned 9/11, pulled out of TPP, called CNN and others “fake news”, talked about vaccine safety, term limits and the criminal corruption of Hillary Clinton. And recently, friendship with Russia was actually discussed in Helsinki.

But now I have begun to understand what Zionism means and Trump’s true nature. He has pledged \$110 billion in arms support to Saudi Arabia, a nation committing genocide in Yemen, and he provides close to 4 billion a year to Israel, a nation committing genocide in Palestine. Thus, the USA forms the third leg of what is truly a evil triad.

BlackRock, a multi-trillion dollar investment company, saw its portfolio value grow 23 times from 80 to 180 billion in one month — Jan 2017 — the month Trump was elected. Jewish bankers saved Trump from personal bankruptcy in the 1990s. His election was orchestrated by billionaire Zionist Bob Mercier and other Zionist forces. Not only does Trump support one of the most evil dictators on the planet, IMO he is Netanyahu’s “bitch” and the new face of of fascism.

Want to know why intelligent people fear Zionism? Because Judaism is religion and Zionism is not. Being a Jew does not make you a Zionist any more than being Italian make you a Mafioso. What Israel continues to do in Palestinian in the name of Judaism should be a gripping insult to the moral character of the “good jews”.

Listen to the first 2m of this [Chris Hedges speech](#) on GAZA

Apartheid and Palestinian genocide is not practicing Judaism according to the Torah, the original Judaic script. Zionist Jews are a scary lot. Currently ZIONIST Jewry accounts for much of the evil in the world.

The Real America, or the America that I want to belong to, is a humble America, a sorrowful America, a shameful America — not a fascist America. In my estimation, real Americans should be brave enough to be in touch with their evil roots including the psychopaths in government and the lying media whores in MSM.

It is time we paid attention to what we do and have actually done. We have been fed lies and propaganda for so long that we actually have begun to believe it. The birth of America began by slaughtering the real First Americans. We killed them, stole their land and then caged up the few indigenous people that were left standing. We now celebrate this massacre with a perverse annual ritual called "Thanksgiving". We give thanks and honor to what by any measure was an evil bloodletting.

Real bravery comes from the humble recognition that, in reality, America is a Death Star inflicting pain, suffering, death and injustice wherever we go. Corporate media has hoodwinked us into believing that the pain we inflict is for the good of the world and that censorship and killing is somehow about free speech and democracy. Remarkably we seem to buy this tripe.

Americans should be ashamed of themselves and their heritage. The massacre of the American Indians was followed by slavery and the civil war; WWI and II; the development of the atomic bomb; Hiroshima and Nagasaki; Korea and our scorched earth bombing program there; the assassinations of Martin Luther King, the Kennedy's and Malcom X; Kent State; Vietnam and Agent Orange. These were followed by 9/11; manufactured terrorism; Homeland Security; False Flags; MIC, its 900 military bases and the missing trillions; chemtrails; drone warfare; FEMA camps; the CIA; the Deep State; NSA and DARPA. We live in a police state where Homeland Security watches, NSA listens, TSA gropes, police thugs suppress, and MIC kills. All this lock down, all this security yet thousands of children go missing every year.

If we truly had a justice department, the Clinton Foundation would be charged with racketeering and the Clintons would be in jail. Peter Strzok was in charge of the FBI's probe into the Clinton Foundation. He also got a second paycheck working for the CIA. His wife, Melissa, was appointed Associate Director of the Enforcement Division of the Securities and Exchange Commission (SEC) two days after her husband discovered thousands of suspicious emails on Hillary's lap top. Together this tag team has prevented any real investigation for 21 months and counting. [See for yourself.](#)

Bill Clinton eliminated Glass-Steagall and then the bankers gambled away our money, requiring trillions in bailouts from the taxpayers. He then orchestrated the overhaul of the Telecommunications Act. Modifying this legislation resulted in the largest media consolidation in history. Now six multibillion dollar media conglomerates control 90% of what we see on TV, in print and at the movies.

The Clinton Crime Syndicate, along with billionaire hedge fund manager George Schwartz, aka George Soros, and hundreds of others call what they do "philanthropy". Like the Rockefeller's and the Rothschild's before them, these scumbags have turned "gifting" into huge tax benefits and profits while hiding the evil nature of their actions.

Our air, water, soil and our bodies are continually being poisoned and assaulted by man-made chemicals and EMF radiation designed to compromise our health and rob us of our wealth. The third leading cause of death in this country is hospitals. Big Ag, Big Pharma, Big Government, and the food industry led by Monsanto are killing us softly all the time. How many of you know that Bayer Aspirin (the new owner of Monsanto) had a convicted NAZI war criminal (Fitz ter Meer) on its board? Or that Bayer distributed AIDS-tainted blood to hemophiliacs in Asia and Latin America; or that it was a spin off of IG Farben, the German company who manufactured the nerve gas (Zarklon B) that was used to kill the Jews in Germany?

Insurance companies, Big Pharma and the AMA are attempting to destroy holistic medicine and alternative care. Numerous doctors are being suicided to prevent alternative cures from cutting into their extremely lucrative sickness business. Government organizations such as the FDA, DEA, CDC, EPA, FCC collude daily with the health industry to compromise our health for profit.

Massive companies like Amazon, Google, Facebook, Youtube and Twitter actively practice censorship while our college system eliminates free speech, public debate and open dialogue on every campus across this country. Scientific and economic thought is routinely tailored to conform to mainstream attitudes and opinions. No one questions anything in science unless it is first approved by corporate-sanctioned "peers". Health is to drug company profits like peace is to Lockheed/Martin's bottom line. The moral code in this country and most of the world is totally backwards. Death and war makes money - life and peace does not. Does anyone see a problem here?

Orwellian concepts like media control, thought police and the rewriting of history, once thought to be hypothetical, are materializing daily. The police have been militarized and their “thugs for hire” SWAT teams routinely raid the wrong house, break down the wrong doors and victimize the wrong people. They are becoming more Gestapo-like every day. At a time when we were desperate for the truth, the Obama administration prosecuted more whistleblowers than all the other presidents combined.

Our current situation is way beyond writing new laws, establishing term limits and draining the swamp. The Ultra Elite are a different species. Are they aliens, reptilians, Pleiadians, Grey's or just sick humans? The inner circle is a breed unto themselves. Pedophilia and satanic rituals are commonplace among them. They steal our wealth and feed off our misery and suffering, yet somehow we can't seem to do without them. We continually march to their orders.

IMO all of our presidents come from a bloodline of preselected psychopaths. These sickos must all pass the same “smell test”. They have to be expert liars; especially convincing under oath or in violation of the Constitution. A tear always helps but make no mistake lying is a prerequisite for this job. Remember Nixon's famous quote? “The people do not want a crook for their president. I am not a crook”. Or who could forget: “I did not have sex with that woman”? Or what about going to war in Vietnam based on the Gulf of Tonkin lie and what about WMD's in Iraq? Or closing Guantanamo or promising single payer? They are all huge liars because they delude you into thinking they actually care. They are puppets ready to dance when the right string is pulled.

You may think Bernie Sanders is an exception to this rule but you would be wrong. He is but another illustration of this same hypocrisy, a bone thrown to the public to quell our anger while keeping the same corrupt system intact.

He tries to portray himself as anti military, a peacenik and a true independent. Yet when he was mayor of

Burlington he sent in the cops to break up gatling gun protestors at a local GE plant. He supported Clinton's war in Kosovo. He also supported Lockheed/Martin's \$1.5 trillion bomber and has chosen to replace the Air National Guard's F16's with these planes in Burlington. His voting record is far more pro-military than he cares to admit.

Somehow it seems that the war machine is OK if the jobs it creates are in your district. This is such hypocritical bullshit. What incentive will there be to end war if peace equals unemployment? These amoral political gas bags are all the same and although Bernie may appear to be a variant, he is no exception.

If Sanders were an Independent or a Socialist he would have run as one. He is a player, and the public needs to know that. He willingly gave up 13 primaries to Hillary and the Clinton Crime Syndicate. When instructed, Bernie held up her hand to be our next president at the Democratic Convention. This was all scripted months in advance. The public's naivety reminds me of the unwitting Jews in WWII who sang as they walked into showers designed to kill them. How Bernie can look in the mirror is beyond me.

Between 2015-16 the average American income was \$59,000. A billionaire makes close to \$3 million **per day** and many make several billion every year. They make more in an hour than the average American makes in two years — TWO YEARS! Often this opulence and deviance spans multiple generations. To think that our moralities are remotely similar is Neanderthal thinking. These people do want they want, when they want at levels we cannot even fathom. These people are not remotely like us. They may have our anatomy but they are their own evil breed. Start dealing with reality. Several of these warlords have built escape tunnels leading to an underground world where their opulence and depravity is accepted as normal

Although the inner circle of the Ultra Elite is frightfully corrupt and deviant, IMO it does not stop there. Millions of people work for their amoral companies. These people have chosen money over their own moral values. People just like you go to work every day for companies who profit from the sickness and death of humanity. These people criticize Big Ag, Big Pharma, MIC, tobacco companies, Monsanto, the Bankers, Oil, Coal and

Gas, Coke, Pepsi and McDonald's, etc., yet they show up every morning for work and a paycheck. Congressmen and women are not the only ones on the take.

People have deluded themselves into thinking that working for scumbag companies somehow does not make you culpable. In fact, working for these companies feeds the Empire twice; once with your labor and then by thinking that you can cleanse your conscience by participating in their owned and controlled voting system.

And what about all those blindly obedient rule followers? Twenty-five million pages of laws rules and regs are always delivered to us by men in costumes in our courts, churches, colleges, hospitals, military, and at every police precinct across America. And too often these rules and regs are then followed blindly by a world of consumptive zombies — too numb to care, too stupid to challenge, too afraid to act.

At the end of the day, you have to ask yourself ... Who is most culpable: the Ultra Elite, the ignorant, the ones who know and choose to do nothing, the masses of employees who work for the Empire or those that blindly execute their orders? We are being marched into Orwellian cages where war is peace, propaganda is truth, NSA listens and Big Brother watches.

We never really had a chance. Our religions have programmed us from birth to embrace evil, suffering and torture, and to do nothing about it. Christians are considered sinners from birth, requiring baptism to be cleansed. We are taught to turn the other cheek and that to love God means to fear him.

We worship a man who was tortured with a crown of thorns, nailed to a cross and then hung upright to bleed out until he died. The Catholic Church has thousands of priests actively practicing pedophilia which is supported by the Vatican. Millions of children are damaged for life while these criminals get transferred from parish to parish. And what about the barbaric ritual of eating the body and drinking the blood of Christ?

Let's not leave out the Jews. In the Talmud, God instructs the Jews to snip off the foreskins of little boy's penises and then suck off the blood. It was called oral circumcision or **metzitzah b'peh** and it is still practiced by several Orthodox Jewish groups today. What about animal sacrifices and those evil women who marry non-Jews, who are called "shiksa". Non-Jews are considered pagans by God, they are called "goyim" and are often treated as a subclass by many Jews today. Nowhere is this more evident than in Israel, the home of the Jews. There, racism, ethnic cleansing and genocide are practiced daily against the Palestinians. In fact many Zionist Jews feel that these atrocities are God's will.

AIPAC has such control of Congress that a bill to make it illegal to boycott Israel has been introduced in both the House and Senate, known as the Israel Anti-Boycott Act. Imagine a law that tells you that you cannot exercise your free will to *not* purchase products made by a country that practices apartheid. But, hey, this is Israel, the country that does not admit to having a nuclear arsenal, or being racist, superior, or fascist in its treatment of Palestinians and free speech.

Antisemitism is being redefined in South Carolina to mean all criticism of Israel. Recently the American Legion denied USS Liberty survivors a booth at the 2018 National Convention. These veterans survived a brutal attack by Israel who does not want this event to be made public. The fact that this country is our primary ally and receives \$4Billion in annual aid is but another example of the **real** United States of America. The lengths that both the USA and Israel have taken to censor the truth is dangerous and frightening. It reminds me of blacklisting and the book-burning that occurred in Nazi Germany.

Evil permeates every aspect of our lives. It has forged a world of faceless automatons who now march willingly into an Orwellian New World Order (NWO). The picture below I call: "AMERICAN DENIAL". As bad as it is, it doesn't include bankers, AIPAC, Monsanto, 5G radiation or "wild fires" with melted cars, evaporated buildings and the likely use of Directed Energy Weapons

David Brown calls most Americans “THE WALKING DEAD”:

They move, they speak, but they are not alive.
They are the sum total of the memorized bullshit
that they have been programmed to believe since birth.

They do not exist as thinking, independent individuals.
They have no soul, no life energy.

TV screens at the gas pumps characterize this new world.
Empty heads will implode from the vacuum
if they are not spoon fed a continual stream of irrelevant electronic drivel.

We are living in the Zombie Apocalypse.
How much longer will the dead be allowed to rule and violate
the rights and the health of the few of us who have chosen LIFE.

You have been trained to look away, to stick your head in the sand and pretend not to see the blood or hear the deafening screams that surround you. America is sponsoring genocide in Yemen and Palestine. Its primary allies are Saudi Arabia and Israel. The Zionist propaganda machine always practices bullying and censorship. Could it be more clear? We are on the doorstep of fascism.

Part of me says — FUCK IT - you idiots have chosen your fate. You deserve to be sprayed like bugs with chemtrails, eat food, drink water, breathe air laced with poisons and seek drugs that are designed to keep you sick and dependent on a trillion dollar medical industry. Like boiling frogs you will keep ignoring the facts and the increasing temperature until finally you slump over - DEAD.

But hold on! Evil needs you alive. Without dumb, apathetic, consumptive zombies like yourself there is no 99% to exploit. IMO that is what this charade is all about - to keep you sick, stupid and bound up by fear and apathy. The elite are laughing. The execs produce an episode of a popular TV program that depicts the world as it is and a very likely US takeover scenerio and the willfully blind still choose denial. [X-Files clip.](#)

What Can I Do?

Breaking Free Part II - The Thought Revolution

If you would be a real seeker after truth, you must at least once in your life doubt, as far as possible, all things. ~ **Descartes**

In addition to taking the quantum leap there are some concrete physical things that can be done right now at no physical risk to yourself and your family.

1. Be a critical thinker: realize you are being lied to and manipulated 24/7. Trust NO ONE in media; triangulate the facts; do your own research -- develop your own belief systems based on your own opinions and conclusions -- not the suppositions of paid experts. Be your own person. Challenge everything you are told. Make them prove what they say.
2. Take responsibility for yourself and your culpability in a world that you have enabled.
3. Augment the propaganda of MSM with alternative sources of information from the internet.
4. Take your money out of big banks, go local, go small or go credit unions. Pay cash when you can and have some handy.
5. Do not buy anything new, unless you have to. Used is usually of better quality, is cheaper and lasts longer.
6. Trade or volunteer your time.
7. Eat organically or as healthy as you can and look to home remedies from [Earth Clinic](#) and others versus medical solutions from Big Pharma.
8. Manage all your resources as precious gems that are always being stolen from you. Especially manage your fossil fuels, your air, your water, your food, your electricity, your waste.
9. Limit TV and increase Internet use.
10. Speak out to injustice when you see it. Stop being steamrolled. Speak up to bullies.
11. Realize that everything big is generally bad and corrupt.
12. Do not work for evil or questionable companies.
13. Encourage free thinking and discussions at your local college or in your local paper.
14. Realize that your thinking, your perceptions and your consciousness are under attack BIG TIME. You are being programmed to become consumptive zombies.
15. Do something good regularly. Visit a shut in, mow a lawn, shovel a walk, grow some food, talk to a neighbor, express an opinion, babysit.
16. Be mindful of what you are paying attention to. Think change, live change and change will happen. Quantum thinking and a new Global Consciousness will take us there

Most people are totally oblivious, even the so called “enlightened ones”, to their own enslavement. All they talk and think about is the current evil system. How bad this or that is, or how hopeless things are. They remain fixated on the current system - frozen in fear. They live in denial, not wanting to talk about the atrocities that most of them know about. They perpetuate this evil culture by thinking about these pukes all the time.

The way to destroy evil is to not give it our attention. What we put our attention to grows. Therefore, our attention actually feeds the very psychopaths who rule us. Our apathy then completes the formula. Psychopathy + Apathy = Evil.

Of course this does not mean you ignore the evil, the brutality of man's inhumanity to man. You must observe, you must acknowledge and do what you must as a caring human being to be true to yourself. Remember - attention also works for good.

Soon, this death culture will be ending and all these sickos will be scrambling for the nearest rock. This will not be accomplished by marching in the streets, going to jail or risking any harm to yourself or a loved one. In fact these fears and the attention that your consciousness grants to them is exactly what feeds evil.

Want to break out, reclaim your freedoms and bring peace, openness, justice, love, and compassion back? Want to starve evil and feed love? It is as simple as it sounds and it is absolutely coming whether there is Martial law or not. All the guns and bullets on the planet will not stop it. It is evolving thought. It is Quantum Physics with all its implications. This knowledge has been actively suppressed by the Ole boy network for over 50 years. In spite of their best efforts truth is starting to prevail and thought and consciousness have begun to evolve again. The future is awareness, attention and intention. Consciousness has already begun to shape matter.

The predatory apes that graze on this planet and its people will soon become extinct. The Rothschilds, the Rockefellers, the Morgans, the Queen, the Pope, the Jesuits, the Free Masons, the Knights of Malta and Knights Templar, the Transhumans, the Reptilians, the Pleiadians, the Grey's, evil aliens and all their minions on the payroll in government and media will soon be exposed for their ruthless manipulation of world thought and they will become impotent overnight.

Evil begins and thrives with you. It starts right in your backyard with a Select Board when it grants funds to the chosen few who have the money and the resources to sift through 25 million pages of ridiculous laws, rules and regs. It is further amplified by people who never question any of this bullshit. It always amazes me that, irrespective of the shrinking dollar, money can always be found for more cops (although the crime rates are way down) and more roads, more security cameras, more town offices, clerks and federal buildings, school buildings, libraries and hospitals, etc. This is all part of the game, a local subset of "The Club," where the rich play and mindless civil servants and bureaucrats all pull their relative triggers as instructed, without ever looking or questioning why they do anything. OK Massa. You're the boss Massa.

It is a race. Will your ignorance, apathy and fear keep you frozen long enough so the rich can get you settled into your new Orwellian homes? Evil is racing to establish a NWO before you wake up to your innate power to shift consciousness and change the world.

We are about to enter the realm of consciousness, a place where thoughts and intentions shape matter - not survival of the fittest, guns, bullets, fear and secrecy. Mother Nature, Quantum Physics and the power of intention will soon replace money and bullets. This is not wishful thinking or hope porn, this is a science that has been kept secret way too long. We have to stop envisioning a hopeless Orwellian future comprised of human lab rats. It is time to envision some light, some honesty, some morality, some character and it starts in your head. We are far more powerful than we have been led to believe.

Max Planck, the theoretical physicist, won the Nobel Prize in Physics in 1927 for originating quantum theory. He regards "Consciousness as fundamental. Matter is derived from consciousness," he states.

The old world of consciousness was based on Newtonian physics and reductionist linear science. This science was used to justify the construction of worldwide monopolies that are run with a ruthlessness akin to the mafia. The PIC's (Pukes In Charge) know that their wealth, power and domination will end abruptly if the Plebes fully grasp the power they have, to intend change.

In their world, physical matter shapes reality i.e. the most money, the most bullets, the most fear controls and shapes our reality and our experiences. But guess what? The PIC's cannot keep suppressing Quantum Physics and Quantum Thinking much longer. A growing number of physicists are breaking rank with what is a fraudulent scientific community and daring to go against mainstream thought.

Quantum thinking proves again and again that the intention of the observer determines the outcome. Soon this knowledge will usher in a new moral awakening based on our consciousness. Think about the implications of this thought - we can intend a new world where consciousness and morality will be more powerful than bullets.

Pioneering physicist Sir James Jeans wrote: "The stream of knowledge is heading toward a non-mechanical reality; the universe begins to look more like a great thought than like a great machine. Mind no longer appears to be an accidental intruder into the realm of matter, we ought rather hail it as the creator and governor of the realm of matter."

Hundreds of books and thousands of research papers are discussing the power of intention and belief to manifest our realities: The Placebo Affect, the Global Consciousness Project, The Intention Experiment, The Secret Life of Plants, The Power of Belief and the Law of Attraction, The Secret. Researcher Masaru Emoto, along with a swelling base of scientists are saying that consciousness has an effect on the molecular structure of all things. Consciousness will soon become matter as love vibrations start to materialize more and more. Matter will begin to take its cues from our intentions and thoughts - not from fear.

When your foot touches the soil and you realize that the molecules in your feet and in the soil are the same, and are, in fact, interconnected with the molecules in the universe — that is Global Consciousness. This new paradigm is coming. Soon the universal law of life will replace the 25 million pages of manmade bullshit laws designed to enslave you. Life is really quite simple: Aspire to kill nothing and become part of the universal life force. Be aware and control your participation in the fear and death culture.

Wow-oh-wow what a world it would be, a true fantasyland. My partner and I like to call it the New World Orchestra. OMG such a thought fills me with joy. Imagine - no guns, no bombs, no killing, no torture, no harmful drugs, no lies, no censorship, no media deception, no obscenely wealthy people or corporations, no stupid laws, no bullies, no dangerous chemicals, no secrets, no suppression — free energy, free food, free thought, openness, optimum health, abundance and truth. All because we envision, believe, intend and feel in our bones a replacement energy called life.

You can speed things along by living your intentions now. Be kind - be thoughtful - be sensitive - but be verbal about what you see and compassionate to those who are being tortured by this system. Realize that the time has come for you to get involved. Imagine and envision small changes you would like to see in your own life. Mother Nature and the Universe are dream weavers - start practicing dreaming now. Soon you will see that you can shape your own reality by shifting your consciousness and believing in your intentions. Your dreams will become your reality.

Take a Quantum Leap. Grow a conscience, not a pair! Do this and your apathy and guilt will dissolve. Help someone in some way and start dancing. It is time to smile and be proud of who you are.

For those who want to see a well done and thought provoking movie that discusses Consciousness and Quantum Thinking [check this out.](#)
